

REIKI TREATMENTS

Reiki is a form of healing discovered by Dr.Usi in the 1870's.

Dr.Usi put together this healing method by using meditation (meditation=Stilling the mind and the emotions) and by seeking the truth from within his soul. He found that Inspirational images and information were formulated together over a period of 21 days which gave Dr.Usi all the Information he required to put together the REIKI system of healing.

REI KI = Universal Life Force Energy

REI = Universal

KI = Life Force Energy

KI Is using the vital force that flows through all matter and can be activated effectively by the Reiki Healing.

Reiki is in NO WAY a faith system; all that is involved is a willingness towards healing.

Reiki IS NOT a religion, or does it depend on any acceptance of faith by the therapist or patient for the Reiki to be effective. All that is required is an open mind and a willingness to accept the healing from within which can formulate your body's natural self healing.

Reiki compliments, but does not claim to substitute ORTHODOX Medical treatment and any other NATURAL therapy.

Reiki can be given in conjunction with any other treatment. It is a non intrusive form of healing and the Reiki energy will pass through clothing, bandages, braces, plaster casts, etc.....

Reiki can be given to all people, children, and babies to aid and assist in the body's natural healing restoring balance, relaxation and wellness to the body's system.

The Reiki attunements creates a healing link to the energy field which bypasses the Emotional and Mental level and there by enables the healing energy to pass straight into your energy body. The energy is then passed onto your patient through your energy body to their energy body, there by creating a "Filter" which prevents the unwanted transference of pain syndrome.

In Reiki healing there is NO transference of feelings, symptoms, or disease. There is NO link during a Reiki treatment where by the therapist is linked to the patients energy field on an Emotional and/or Mental Level.
